NEW NORFOLK DAILY

Charter for the Tribune Corporation Is Issued Today

Norfolk is to have a new daily newspaper, the charter for the same having been obtained. The company is the one that has acquired the equipment of the Richmond Virginian, which was sold several weeks ago. The new company enters the field with a capital stock of $150,000, and it has already installed much of the machinery required for the publication of a modern daily paper. There are a number of well known business and professional men interested in the enterprise.

BRIDGE GONE, FIVE DROWN.

Buffalo, July 26.—An automobile driven by William Newman, of Lackawanna,and containing his wife, his two young children, and Miss Clara Sheck. Buffalo, was driven into a creek between the towns of Armor and Boston, this county, some time Saturday night and all drowned.

The tragedy was discovered yesterday morning, when a passing neighbor saw a tire of the overturned car sticking out of the deep water. He summoned help and the bodies were extricated. The bridge over the creek had been washed away in the flood of Friday night, but the road had not been barricaded against traffic. Newman passed along the road about 10.30 o"clock, and drove into the stream without warning.

POTATOES GOING TO ROT.

Farmers on Eastern Shore Desperate Over Inability to Get Crop on Market.

Onancock, Va., July 26.—The potato market is flat, due to the inferior condition of the potatoes in market, caused by the failure of the railroad to move the potatoes. There are thousands of barrels of potatoes on the platforms and wharves that have been there two and three weeks, exposed to heavy rains and scorching temperature. It is a problem to know where to put the potatoes when they are received at the stations, every available space having been filled.

Several thousand barrels have been examined and thrown away within the past few days. Farmers stay at the stations all night, and if a train of empties arrives there is almost a fight.

At the present rate it will take until the last of August to handle the Irish potato crop, and before then sweet potatoes will be ready for market.

LYNCH JUDGE'S SON

Hundreds West Virginians Storm Jail and Hang Life Term Prisoner

Fayetteville, W. Va., July 26.—William Bennet, jr., of Fayetteville, son of Judge William R. Bennett, at one time judge of the criminal court of Fayette county, was taken from jail by a mob of 100 here yesterday and lynched, after having begun a life sentence for the murder of his wife, to which charge he had pleaded guilty in court.

His wife was the daughter of J. Alfred Taylor, of Fayetteville, well known throughout the State as a writer and editor.

The jailer had previously been summoned to the sheriff's office by telephone, and when he arrived he was confronted by the mob, whose leaders demanded the keys. He was then kept under close guard while the jail was stormed and Bennet taken out.

His captors, occupying twenty automobiles, rode to the old county poor farm, where they hanged him from a beam laid between the forks of white oak trees.

RIOTERS BURN HOSPITAL

Nationalists Driven From Homes as Anti-Catholic Terror Spreads

Belfast, July 26.—The Unionist terror against Catholics is spreading last night throughout counties Antrim and Down.

At Bangor (in the northeast corner of the County Down) the hospital for consumptives, established by Joseph Devlin, the Nationalist leader, was burned down today by a mob which also wrecked a number of homes of Nationalists.

Refugees were leaving all night, whole families fleeing, taking with them only the clothes on their backs.

At Newtonards the rioting became so violent that the military was called out to quell it.

Unionist volunteers have been summoned to appear at their respective quarters tomorrow night. Hitherto the British government has invariably taken prompt action against the Sinn Feiners, and the question now arises whether it will act similarly against the Unionists.

Gen. Hackett Paine, a Carsonite general before the war, is now chief of police for the Province of Ulster. Catholics will present themselves for work at the shipyards tomorrow and fresh riots are looked for.

NUNS THREATEN SRIKE

Inmates at Prague Form Soviet to Secure Their Demands

Prague, July 26.—A "revolution" broke out in the Laurenzibehg convent at Prague abong the nuns of the Order of Sisters of Charity.

The nuns held a somewhat excited meeting in the presbytery, and sent a note to the Archbishop of Prague asking that the statutes of their order be altered within a period of six weeks. They demanded the removal of various lady superiors, better food, more freedom and permission to go for walks outside the convent.

The sisters threatened, in case their demands should not be fulfilled within six weeks, to call a public meeting in the convent garden and to discuss their demands before the general public.

Meanwhile, the nuns have elected a nuns' council, which is empowered to carry on the necessary negotiations with the archbishop and the lady superiors.

Jury Summoned For Case to be Tried Wednesday

A jury is being summoned today for the trial of Samuel Sorrell, charged with shooting and killing his brother Charles Sorrell which occurred the morning of July 4 on an ark on the river front in the northeastern section of the city. It is understood that self defense will be the plea. The case probably will be a short one as there are comparatively few witnesses.

Sorrell will be represented by Attorneys Charles Henry Smith and Frank Stuart and the prosecution will be conducted by Commonwealth's attorney Howard W. Smith. The trial will begin at 10 o'clock Wednesday morning in the corporation court, Judge Robinson Moncure presiding. Sorrell is now out on bail in the sum of $4,000.

Mills, John D. Normoyle, W. P. Kerrick, M. A. Quinn, James O. Bruin, Llewellyn F. Dyson, L. P. Woodward, M. R. O'Sullivan, George T. Burroughs, Charles F. Holden, Harry H. Newton, Courtney Acton, E. S. Goodloe, J. Brooke Carter and Elmer Alexander.

MURDERED HIS MOTHER

Young Ontario Farmer Confesses Seven Years After Execution of Parent

Toronto, Ont., July 26.—A self-confesser murderer of his mother—a crime for which his father was hanged seven years ago—Arnell Love, 22, a Ceylon, Ont., farmer, is in jail here.

During evangelistic services in his home town, Love went forward and declared to the evangelist that he had clubbed his mother to death, because she had reprimanded him for "keeping bad company."

Young Love was one of the principal witnesses against his father, Henry Love, who was convicted by a jury and hanged at Owen Sound, Ont., for the crime seven years ago. While the evidence against him had been mostly circumstantial, on the scaffold the father made what was believed to be a confession of his guilt.

The son grew up into manhood a prosperous farmer, and the tragedy of his life was apparently buried until he attended the evangelistic service. He told the evangelist, the Rev. C. N. Sharpe, that when his mother reprimanded him, he was angered and killed her with a stick of wood, and hid the body in the cellar, where it was found later.

On advice of the evangelist, Love gave himself up to the police, who are investigating his story. In the meantime, the young farmer, apparently greatly relieved, is indifferent to his fate.

BEAR RUNS MAN

Amherst, Va., July 26.—Although timber railroads have been built through many sections of the county and much land has been cleared, the black bear still finds refuge in the mountains, and now and then ventures to near-by cornfields. Last week, while working in his corn, M. H Whitten, who lives near Willow, was surprised to come face to face with a real bear. Mr. Whitten ran, the animal pursuing him. The alarm was given and an effort was made to capture the bear, but he made his escape.

FIFTEEN YEAR OLD WINS SEVEN EVENTS

Miss Musterbaugh Star of School Athletic Meet

RAIN HALTS FINALS

Two Alexandrians—OMeara of Second Presbyterian and Midkiff of First aptist Win Races.

Miss Musterbaugh, of the Chesterbrook Methodist Sunday School, was easily the star of the Inter-Association Sunday School athletic meet held at Fairfax last Saturday. This fifteen year old girl started in seven events and the committee promptly pinned seven "first" ribbons on her as rapidly as she completed the events.

The meet comprised intermediate scholars of the Sunday Schools of Alexandria, Arlington and Fairfax counties, and was the first to be held by the schools constituting the union. There were sixty-nine entries and Alexandria was represented by Midkiff, the A. H. S. star of the First Baptist Sunday School and O'Meara an old A. H. S. athlete, of the Second Presbyterian Sunday School.

K. E. Wallace, general secretary of the Alexandria Y. M. C. A., was chairman of the athletic committee and acted as referee and starter of the meet, while Raymond Padgett, leader of the Christ Church boy's club and a member of the athletic committee, acted as clerk of course. The meet was well attended and the events run off in record time. Rain halted the meet before the last events were finished.

The two Alexandria athletes secured their share of the honors of the day. O'Meara, of the Second Presbyterian Sunday School, took first in the 440 yard run, 3rd in the 880, and second in the running broad jump. Midkiff, of the First Baptist School, first in the 880, and first in the running broad jump covering the distance of 17 feet and eleven inches. With a little attention to training Midkiff will go a long way toward bringing the district cup back to the A. H. S. next spring.

An incomplete record shows the result of the meet as follows: Cherydale M. E. 44. Vienna Presbyterian 29, Alexandria First Baptist 10, Oakten C. of B. and Alexandria Second Presbyterian 9 each, East Falls Church M. E. 7, and Fairfax M. T. 5. The affair is to be made an annual event and will doubtless be much larger next year.

APPLAUD ADDRESS

Archbishop Mannix Speaks On Irish Republic

Washington, D. C. July 26—"The Irish people have proclaimed their independence, have established a republic and they mean to maintain it," said Archbishop Mannix, of Melbourne Australia, in addressing Friends of Irish Freedom at a reception for him in Gonzaga Hall last night.

Fifteen hundred supporters of the cause of Ireland's freedom cheered the prelate and Eamonn de Valera, Vpresident of the Irish republic, another speaker of the evening.

The archbishop thanked the assembly for the warm welcome.

The archbishop said: "The truth is that the British government does not wish peace in Ireland or with Ireland except on terms that no real Irishman will accept, the basis of Irelands subjugation as a mere province.

"Lloyd George and Sir Edward Carson, fearing the coming together of the Catholic and Protestant on the broad basis of love of their common country, and because they fear it, they hope to defeat it by inciting the Orangeman against us, knowing that the republic would have to be more than human if, having been struck on the right cheek, it would turn the left."

Eamonn de Valera said that three-fourths of Ireland supports the republican government of Ireland.

"This means," he said, "that the English government is not functioning in three-fourths of Ireland. If we are not recognized by any nation in the world we will go on." Here there was a great demonstration made by the audience; the entire body rose and cheered for five minutes. Cheering did not cease even when De Valera raised his hand for silence.

"England will give the people of Ireland everything but the control of the army. Take the army of occupation out of Ireland and the Irish people will then be quite willing to talk of being friends with the English. We are hostile to Britain because they are interfering with us.

"America wishes to wash its hands of the whole question and of whole Europe. This it cannot do while it recognizes the English Ambassador as the representative of the Irish people, which he is not."

MAY BUY KAISER'S YACHT

Pittsburgers Trail Boat's Agents Through Hostile Paris

Paris, July 26.—A German agent has arrived in Paris for the purpose of arranging the sale of the sailing yacht Meteor, formerly owned by the Kaiser, to a group of Pittsburgh millionaires.

Owing to the French state of mind such a deal can only be made nowadays in the greatest privacy; therefore the German representative of the vessel's present owners is so nervous that since his arrival here the Americans are having difficulty in meeting him.

The Meteor, now at Kiel, is 450 tons and is famous for its many races before the war. With the fall of the empire the Meteor and also the famous steam yacht Hohenzollern, aboard which the kaiser entertained, were offered for sale by the government. The Meteor was held at the price of 3,600,000 marks. There were no takers, so the boat was finally auctioned for a much less sum to a syndicate of Hamburg bankers and sportsmen, the present owners, who find the upkeep much too expensive in the light of present-day conditions in Germany.

Both yachts are equipped with auxiliary engines and all the fittings are just the same as during imperial ownership. They are considered the most luxurious sailing craft afloat.

Reciprocal Arrangement Completed Today Affects 15,000 Vehicle Owners.

Commercial vehicles with District of Columbia license tags will be recognized in the State of Virginia and Virginia tags will be recognized in the District, as a result of action taken Saturday by the District Commissioners.

Owners of more than 5,000 commercial vehicles in Washington and more than 10,000 in Virginia will be notified that only one tag is necessary.

Wade H. Coombs, Superintendent of Licenses for the District, early Saturday morning, received word from B. O. James, secretary of state of Virginia, that that State would recognize District of Columbia commercial tags if the District would agree to reciprocate.

He immediately wrote a recommendation that James' suggestion be adopted and sent to Commissioner Louis Brownlow, who conferred with Engineer Commissioner Kutz and the two men, sitting in board session voted to approve the recommendation

Commercial vehicle owners in the District have been paying yearly 60 cents per horsepower for the privilege of entering Virginia. Virginia owners have been paying from $3 to $10 per year, depending upon the horsepower of their trucks.

The District government and State of Virginia some years ago agreed to recognize tags of pleasure vehicles from their territory and efforts to include commercial vehicles have been made for several years.

WAR ON VAGRANTS.

Chief of Police M. A. Doran and Commonwealth Attorney James P. Reardon, of Winchester, have announced that on and after July 28 all persons coming under the term of vagrants will be arrested and dealt with according to state law. There are a great many able-bodied young men, they say, who appear to have nothing to do. Idleness brings a great many difficulties.

It is not fair to the community, especially at this time, it was stated, when every one who will work can get work and receive adequate compensations for his labor, to permit them to remain idle; consequently it has been decided by the authorities that an aggressive war will be made against all idlers.

State law designates vagrant as any persons not having an income to maintain themselves and families, and who are without employment and refuse to work for the usual and customary wages, or persons wandering or strolling about in idleness, who are able to work and have not property to support them.

Any persons proven to the court to be a vagrant will be convicted and punished by fine or imprisonment, or both, in discretion of the court, it was said. After arrest the law prevents the court from permitting the vagrant to leave the state. He must be punished as the law provides, and in addition to that the idler must go to work. If the convicted person cannot comply with the terms laid down by the court, then he will be given a term on the state road.

This law has been on the statute books for some time, but has not been clearly understood by the public.

As has been stated in the Gazette, Judge Moncure, of the Corporation Court in his charge to the grand jury recently called special attention to the vagrant laws of the city and state. Several persons were subsequently arrested on this charge and nominal fines assessed in the Police Court. The delinquents were told that should they again be arraigned a jail sentence might follow.

MARRIED LOVERS' CRIMES.

Psychologists of international reputation have started research work in to the epidemic which violent death is waging against married lovers in Chicago.

"This wave of tragedy is due to two things," says Dr. Orlando B. Miller, president of the International Society of Applied Psychology.

"In the first place too many American wives fail to keep up with their husbands mentally and in the things that interest them, and men naturally seek the companionship of women better qualified to fill the requirements.

For the past few weeks bullets fired in jealously and revenge have brought to a tragic end the love affairs and the lives of two men and three women, placed an army lieutenant in the death cell, wrecked the fair name of a schoolgirl, made widows of two women, broke up four homes, snuffed out one innocent bystander and sent one woman to jail.

LIQUOR WITH A "KICK."

Several weeks ago a party of young men came to Alexandria from Fredericksburg in an automobile. While here an acquaintance, now a resident of this city, furnished them with two quarts of whisky, which he procured from a certain party, paying tweny-four dollars for the same. The Fredericksburgers, after leaving Alexandria and getting as far as Accotink, determined to sample the liquor. While opening one of the bottles the cork flew out, striking the roof of the machine. The men became alarmed and concluded not to drink the liquor. Uuon having it analyzed in Fredericksburg it was said to be composed of wood alcohol and brown sugar.

Many persons in Alexandria were disposed to doubt the story of the would be well for persons prone to drink suspicious stuff which is passing as whisky to beware least explosions take place in their pockets:

Police women Kalmass and Kelly, of the women's bureau of Washington, following the arrest of George Cox, colored, who sold them a bottle of fluid which he is alleged to have said was whisky, had an analysis of the contents of the bottle. The reports returned by the official chemist of the police department read that the connection contained between 8 and 9 per cent alcohol. In his report the chemist is alleged to have recommended not to place the bottle in a warm place, unless an explosion was desired.

LOSSES ON GAS.

Operating expenses of the Richmond city gas works amount to about $1,000 a day more than the revenue derived from the plant by the city. it has been estimated, and the deficit for 1920 will be about $200,000, it is stated by officials of the gas department. They are urging the council to act on the resolution calling for an increase in the gas rate to consumers. Director Trafford has figured out that a rate of $1.35 a thousand cubic feet will be necessary.

THE PUBLIC MUST PAY.

Some newspapers are telling their readers that the increased pay of railroad workers, amounting to about $600,000,000 a year, may have to be paid by the public.

They are too soft-spoken and are fooling no one. It is not a question of may, but must.

The soft-speaking organs of the party of a protective tariff have so long tried to convince the consumer that he does not pay the tax that they have hesitated to admit that the public pays anything.

In this State, as elsewhere, they point to the immense amount of money collected in taxes from the railroads and other corporations and continually remind the voters during politicial campaigns that Pennsylvania collects no State tax from the voters.

But the public does not swallow that any more. Where do the railroads get the millions they are required to pay in taxes to the State? Where do the other corporations get what they pay?

They get it from the public, as they always have and always will, if they are to pay. That is where they will get the $600,000,000 additional, or they will not be able to pay it to the workers who have been twarted the increase.

Since this is so, and since the railroad situation is responsible for other high costs of living because the necessities of life cannot be transported, by reason of the lack of more railroads and more equipment, every day's delay in giving the railroads the increased rates needed if they are to function is adding to the burdens of the people.

If the situation is not soon relieved the public is likely to take the place of the railroad workers and go into the strike-threatening business as a means to secure what those who are not railroaders need to live.—Philadelphia Record.

In the game between the Cardinals and Clarendon team at the Arlington Driving Park, Saturday, the game was called in the Cardinals half of the second inning on account of the rain the Cardinals had scored 5 runs and had men on second and third bases with only one out while the Clarendons had failed to score.

Jimmy Alexander was the sharpshooter used by the Cardinals and he had the Clarendons heavy hitters at his mercy during the two innings played. Teddy Schafer was behind the bat and was at his best. "Doug" Merchant, first base; Neidfeldt, second base; McCann, third base; Tetreault, shortstop; Plunkett, right field; Pattie, center field, and Frank Owens, life field was the line-up used against the Clarendons.

The Cardinals defeated the Comanche Athletic Club team, of Washington Sunday on the North Alfred street grounds by a 15 to 1 score.

"Speedking" Jones struck out seventeen of the Indian warriors, had his "never-see-them" fast curve ball working to perfection, and made a home run. "Teddy" Schafer, the peer of catchers hereabouts, barring none, was on the job to win. Jeff Williams, who recently underwent a severe surgical operation played his first game of the season and was heartily cheered by the fans for his brilliant all-around playing. The following line-up was used in the game: Jeff Williams, first base; Sammy Sampson, second base; Frank Owens, third base; 'Beau' Hodges, shortstop; "Submarinechaser" John Nugent, right field; Pattie, center field; and Jimmy Alexander, left field. All the players named played their positions in fine style and hit the visiting pitchers hard during the entire game.

The Comanche team although beaten by a large score played well at times. But, above all things the Comanches proved that they were honorable men and could not be tempted by an offer of twenty-five dollars to call off the game with the Cardinal Athletic Club nine with whom they had agreed to play Sunday's game.

The Lafayette colored team of Alexandria defeated the colored All Stars also of this city in a one sided game on the High School grounds yesterday by a score of 12 and 3. The features of the game were the playing of Lloyd at third and Greene at first for the winners and Jones catching for the losers. The Lafayette are playing almost air tight ball and are arranging for a game with the fast Le Droit Tigers of Washington. This club will do all that is in their power to satisfy the public in all lines of athletic sports

Owing to the inability of the Winston A. C. to get sufficient players the Drednaughts postponed yesterday's game to a future date, to be announced later.

The regular team played a five inning game with the second team and easily defeated them in an interesting game.

Practice will be held tomorrow night as usual and every member of the team should be out to be prepared for next Sunday's game.

NEGRO MURDERED SEVEN

Committed "Thousands" of Burglaries —Sentenced to Die at San Quentin

Los Angeles, Calif., July 24.—Mose Gibson, negro, sentenced to hang for the murder of Roy Trapp, rancher, has confessed to seven murders, including the slaying of J. R. Reavis, of Baton Rouge, La., according to a telephone message received yesterday by Sheriff John C. Cline of Los Angeles county, from Sheriff J. E. Jackson, at Santa Ana.

Gibson has been under investigation within the past few days in connection with the murder of Mr. and Mrs. Jacob Erhardt, an aged couple, in their home here on the night of June 6. Sheriff Jackson has just returned from taking Gibson to the penitentiary at San Quentin.

The murders to which Jackson said Gibson confessed were Roy Trapp, rancher, Fullerton, Calif.; Mr. and Mrs. Jacob Erhardt, Phoenix, Ariz. last month; J. R. Revis, white restaurant man, of Baton Rouge Junction, La., twelve years ago; a woman at Orange City Junction, Fla., killed in November, 1919; a watchman at a sugar mill at Gramercy, St. James parish, La., murdered in November, 1910, and a storekeeper at Wagoner, Grinoie county, La., killed in November, 1910.

Admission that he committed "thousands" of burglaries, obtaining sums from a few cents to $100, was made by Gibson, according to the sheriff.

Cleanest Way to Kill Insects

There are no disfiguring stains to reveal to visitors that you are combatting roaches or bed bugs when you spray Preventol. The Preventol method is also the easiest way of extermination, for all you do is to shoot the spray into cracks and crevices about the drainboard, under and around your sink, over pantry shelves and along the woodwork. Then the roaches run out and die before your eyes.

So do bed bugs when you spray Preventol over mattress, springs and bed. They cannot hide from Preventol's vapor. Preventol saves work and worry, for it kills 'em all. It protects you against disease and death by keeping your home rid of dangerous insects.

You will also find Preventol's spray an excellent disinfectant. It drives out flies and mosquitoes, destroys germs and overcomes odors.

Special combination Sprayer and Pint Can in handy box saves you money. $1.00 at your dealer's. Additional re-fill cans: Pint, 60c; Quart, $1.00; Half Gallon, $1.75.

A Home or Rent Receipts --- Which?

Protect Yourself Against---

High Rents---Frequent Moving---Unreasonable Landlords

All That You Really Need is---

A Record for Honesty---A Little Cash---Determination

If you own your own home you can have the house, both inside and outside, fixed up in the way that will give you the most comfort and convenience.

If you are possessed with these three things a very little investigation will make it possible for you to take the steps toward home ownership.

Home ownership is extremely desirable as it is a safe place for your money to be invested and at the same time it assures a home for you and your family in old age. If you purchase directly, your money, while safely invested, can be easily obtained if it is necessary for you to use it. A deed to a home is better evidence of a man's responsiblity than is even money in the bank. No man should hesitate to make a payment upon a home any more than he should in making the initial deposit upon a bank account. Any man who can make the payments of rent each month to a landlord can keep up his payments upon a house if he will be honest with himself as he is to his landlord and as he sees the benefits to be derived from putting his rent money into a home rather than into the pockets of another, it will soon be a pleasure to meet the installments as they become due.

The longer you wait in taking the step that will mean a home to you and yours, just so long will you continue paying out your money for rent and will put off the day that much further when you will be the landlord of your home.

To have a place that is your own, not month by month as you pay rent for it, but that is yours to keep, is a great joy and contentment. Every dollar you have so invested is as safe as if in the strongholds of the U. S. Treasury and pays you far greater interest returns than you could obtain from any banking institution. In these days of house building with scarcely any houses in sight, the price of real estate has soared to a top place. It is not uncommon to hear a man say that if he wanted to sell he could make several hundred dollars and even thousands upon his investment. Some who have sold and made much as well as those who have an opportunity to sell and gain, have only owned their places a short time, while others have had the use of the rental from the property for years. This clearly shows that money invested in a home is safe and that if you have used ordinary judgment in purchasing the property that not only can you get back what you have invested in the place but you can get back much more than is invested. Even if you buy on a contract and the time comes when you want to sell or must raise some money, the equity which you have in the place will bring you more than the sum of money you have paid. The greatest argument for owning a home is not the disposal value of it, but protection that it offers both you and your family. Old age, sickness, death is upon your tracks. As head of your house it is your duty to protect the interests of your loved ones now, in the future, while you are with them, as well as to protect them after you have departed from this life. How much help it will be to have a home when you are gone. A place that no landlord can deprive you of. Your good judgment tells you that these statements are true facts and that you should be purchasing that home which will be a protection to your household. It is time for you to act.

WATCH SATURDAY'S GAZETTE

Every Saturday a number of special bargains are being advertised, every prospective home owner can find bargains in homes in every section of the city and suburbs.

A Deed to a Home is a Protection That May be Easily Gained

Don't envy the man who owns a home. It will do you no good. If you want a home that you can call yours it will be an easy matter. Visit your banker or any real estate dealer and you will quickly learn how a small sum as down payment will put you in possession of a cherished home.

Greek Tragedy in Ninth Street Washington Rooming House

One man and a pretty girl are dead and another man is probably fatally wounded in the Emergency Hospital Washington, following a savage hatchet and pistol fight early yesterday evening on the third floor of a rooming house at 809 Ninth street northwest.

The dead are Theodore Apostolos Koukos, 31, of Norfolk, Va., cited for heroism in the Greek army, and Catherine Odiscos 23.

The wounded man is Jean Odiscos, who appears to be between 20 and 23.

The girl's crescendoing scream and four almost immediate pistol shots at about 6.30 o'clock alarmed Mrs. Minnie King who runs the house. She summoned the police, who arrived in fifteen minutes and found Koukos lying headlong at the bottom of the first flight of stairs from the third floor.

His skull was fractured at the base, and a six-inch hatchet hack ran across the top of his head, ending on his forehead. The hatchet lay near him.

The girl was lying face down in the hall at the top of the stairs, with a bullet wound in her head just above the left ear.

Odiscos was found in a doorway leading from a front bedroom with three bullets in the back of his head, neither of which penetrated a vital spot.

Koukos and the girl were alive when the police arrived, but died before they could be taken to the ambulance. Odiscos was unconscious and was rushed to the Emergency Hospital for an operation. He had recovered consciousness at an early hour this morning.

Mystery shrouds the inception and motive of the savage human drama.

JACK JOHNSON IN JAIL

Negro Pugilist Ask Bail and Retrial For White Slavery

Chicago, July 26.—Jack Johnson, former heavy-weight champion, is in jail at Joliet, Ill. He was taken off the train by officers, who foiled a plan of Chicago negroes to give the pugilist a demonstration when the train pulled into Chicago. Joliet is thirty miles from here.

Johnson was being brought to Chicago from Los Angeles, where he recently surrendered to Federal authorities after a self-imposed exit from the country of more than eight years. He is wanted on a technical charge of white slavery.

"Lord, but I'm glad to be here," Johnson exclaimed. "I'm going to do time if I have to and be a good citizen hereafter."

Johnson was sentenced to one year in the penitentiary on a charge of taking Belle Schreiber on interstate trips. He fled the United States following his conviction and pending a motion for a new trial.

Johnson will ask bail and a new trial in the old case.

FRENCH AT SYRIAN CAPITAL

Entry of Troops in Damascus Marks Fall of King Feisel

Paris, July 26.—Following on the heels of Great Britain's declaration that she would keep hands off Syria, Damascus was yesterday occupied by French troops under Gen. Gourand. The triumphal entry into the Syrian capital is believed to mark the end of the reign of Emir Feisel as "King of Syria," which he proclaimed himself not long after the armistice under a then benevolent British guidance.

Leopard Cannot Change Spots

Mr. Dodson, the "Liver Tone" Man, Tells the Treachery of Calomel.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynimite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It can not be trusted any more than a leopard or a wild-cat. Take Dodson's Liver Tone which straightens you right up and makes you feel fine. Give it to the children because it is perfectly harmless and doesn't gripe.

START ON FIRST RIDE.

Perched on Handle Bars, Girl is Killed in a Collision.

Uniontown, Pa., July 26.—Nora Bell's first ride on a motorcycle was her last, for she was killed when the cycle collided with an automobile while rounding a sharp curve on the Pittsburgh road, near here. Miss Bell never had been on a motorcycle and when Frank Ross, a neighbor, passed her home and asked her to have a ride she consented.

As the two expected to go but a short distance Miss Bell mounted the handle bars of the machine and sped away. The fatal accident occured almost within sight of her home Ross is in the Uniontown Hospital in a serious condition.

A Whole Week's Washing Done in Ten Minutes

And for Only a Few Cents

Women everywhere will be delighted to know that "blue Monday" need never come again. Throw away your scrubbing boards—forget your tired knuckles and backs—and learn how a whole week's washing may be done easily, quickly and pleasantly.

It sounds like a dream, doesn't it? But it's true. No, there's no need to buy expensive automatic washers—just a cake of Clean Easy Naptholeine Wash Soap that will last for two weeks!

Clean Easy isn't merely a soap. It's more than a soap. It's a regular household worker—the best friend you ever had, because it does the meanest work and never gets tired or cross. Just notice how different it looks from other soaps.

The Clean Easy method is very simple. All you do is soak the clothes overnight. Then shave ½ bar of Clean Easy into a tub containing 4½ gallons of water. Let the chips dissolve. Bring it to boil. Put in the clothes—stir for ten minutes with a stick—rinse, blue and dry—and, presto, an average week's washing is done. It's as clean and fresh as if you had scrubbed and rubbed for hours over a miserable washboard!

Wonderful, isn't it? So simple and easy, so quick and comparatively pleasant! Why, hundreds of women have written us the most enthusiastic letters about Clean Easy. We know you will appreciate it. Ask your grocer for Clean Easy—the wonder soap—today. Follow the directions on the inside of the wrapper.

MAD DOG INVADES CHURCH.

Snaps at Entertainment Crowd and Seriously Bites One Person.

Dunbar, Pa., July 26.—Persons who attended an entertainment in the First Presbyterian Church were thrown into a panic when a mad dog ran into the crowd, snapping in all directions. Women sought places of safety while men exerted their efforts in protecting their wives and families. The worst bitten was Earl, son of Howard Anderson. The dog also bit many other canines before a load of buckshot ended its career.

Residents state that the animal had been running wild for several days and it is believed that a number of persons have been bitten.

RICHMOND—Chas. Ray.

It takes just one word to give our idea of "Crooked Straight," a Thomas H. Ince production starring Charles Ray at the Richmond tonight. And that one word is "Great!" The picture is great, the cast is great, and the star is great. Charles Ray is our idea of a perfect actor. That is, a natural actor.

No one would ever think that the easygoing, unassuming Charles Ray would be cast a crook. But that is just what has happened. "Crooked Straight" is not the usual story of a man sunk in the depths who turns straight after spending the most of his life behind prison bars, but of a man who gets one taste of crime and then decides to be good thereafter, for he has learned his lesson. And, of course, there is the girl.

Dorothy Dalton in "His Wife's Friend," a new Thomas H. Ince production, is the feature for the Ingomar tonight. This is a Paramount-Artcraft picture. If more need be said, it's as exciting and puzzling a mystery story as you have ever seen. Miss Dalton wears some wonderful gowns, and the whole picture is lavishly staged. "The Lurking Peril" will also be shown.

Three Great Bargains

11 rooms and bath on Pitt street, lot about 80x125; elevated position, plenty shade, wood work in perfect condition, needs papering and electric lights, at small expense can be made one of the most attractive homes in the city, or can, inexpensively, be converted into apartments, paying a very handsome return on the investment. The price is ridiculously low. Investigate this.

Six rooms and bath, brick, with corner store, a combination home and business proposition that can't be surpassed; in perfect condition, newly papered, electric lights etc. People who know, say this property would be cheap at $1,000 more than we are asking.

Nothing pays better than a good large rooming house, we have a handsome brick structure, containing about 30 rooms, large yard and plenty shade; has been paying about $150 per week net; could be converted into apartments at little expense; fully furnished and can be purchased at the very low price of $16,000. The prices on the above properties are low under any and all conditions.

Good Light Lightens Labor : :

Lighting the kitchen is like lighting a factory. Good lighting quickens production, as the factory man would say. In other words, it makes work go faster without the expenditure of any more energy.

Of all places needing more light and better light the kitchen in most homes is one of the most important. And when you have doubled or trebled the light in your **work** rooms, try it also in your **living** rooms.

If you find that doubling or trebling the illumination there mean glaring light, **don't** cut down the amount of lighting again **—shade** the light better! Keep the direct rays from striking the eye. Throw some of the light to the ceiling and walls.

In every socket —in every room from cellar to garret—use only

EDISON MAZDA LAMPS

If you will do that, you will find that a great deal more light in the room is decorative, pleasing and restful. It's not the amount of LIGHT that you find irritating in some rooms, but the amount of GLARE.

OUR METER MEN REPORT THAT A NUMBER OF OUR CUSTOMERS ARE USING CARBON LAMPS. WHY NOT BE UP TO DATE? USE MAZDA LAMPS—BETTER LIGHT—LOWER BILLS.
